**Dear Shareholder:**

**Re: Simplified Sale Program for Holders of 99 or Fewer Common Shares of AltaGas Ltd.  
("AltaGas Shares")**

---

AltaGas Ltd. ("AltaGas") is pleased to announce that it has established a program by which holders of 99 or fewer AltaGas Shares, known as an "odd lot" of shares, may sell those AltaGas Shares without having to incur the usual brokerage fees (the "Program"). As of March 31, 2017 you were a holder of 99 or fewer AltaGas Shares. The Program will commence on April 3, 2017 and expire at the close of business on June 30th, 2017, unless extended.

The Program provides you, as a shareholder with fewer than 99 AltaGas Shares, with the opportunity to:

1. Sell all, but not less than all, of your 99 or fewer AltaGas Shares; and
2. Participate even if you have lost your share certificate(s) (please see enclosed Shareholder Information booklet for further instructions); and
3. Not incur any brokerage fees if you elect to sell AltaGas Shares, as described in 1 or 2 above; and
4. Conveniently complete the transaction by mail.

In addition, if you own shares or units of a company that AltaGas acquired and you have not yet received your entitlement of AltaGas Shares you may be eligible to participate in the Program. The following chart indicates the conversion rate for such other shares and units that would translate to 99 AltaGas Shares. If you hold fewer than or equal to the number of such other shares or units indicated below, you are also eligible to participate in the Program:

<b><u>Company and Security Name</u></b>	<b><u>Equivalent AltaGas Shares</u></b>
AltaGas Ltd. trust units	99 trust units = 99 AltaGas Shares
AltaGas Ltd. old common shares	99 old common shares = 99 AltaGas Shares
AltaGas Ltd. LP units	99 LP units = 99 AltaGas Shares
Taylor NGL Ltd. units	235 Taylor NGL units = 99 AltaGas Shares

AltaGas values each of its shareholders, and is aware of the expense and inconvenience that shareholders experience when selling shareholdings of fewer than 100 shares. Shares are typically traded in multiples of 100 shares (called "Board Lots"). When selling 99 or fewer shares, a minimum brokerage commission would typically be charged, and such fee could constitute a significant percentage of the total cost of, or proceeds derived from, either transaction. Under this Program shareholders can sell AltaGas Shares conveniently and at no cost to the shareholder.

This Program is entirely voluntary. Neither the Corporation nor Computershare Investor Services Inc. ("Computershare") makes any recommendation with respect to your participation in the Program. Your decision to participate should be based on your personal financial objectives and the convenience and

cost savings of the Program. Further details regarding the Program are set forth in the enclosed Shareholder Information booklet.

Please carefully read the enclosed material to help you decide whether to participate in the Program. If you choose to participate, please complete the enclosed Letter of Transmittal and send or deliver it, along with your share certificate(s) that represent your ownership of 99 or fewer AltaGas Shares to Computershare at the address shown on the enclosed Letter of Transmittal. The method of delivery of all required documents is at the election and risk of the shareholder. It is recommended that the required documents be hand-delivered to Computershare and a receipt obtained. If the required documents are mailed, the Corporation recommends that registered mail with return receipt be used and that proper insurance be obtained. Registered shareholders should NOT sign the back(s) of their share certificate(s). If you choose not to participate, there is no need to return the enclosed Letter of Transmittal or to notify us.

If you have any questions about the Program, please contact Computershare toll free at 1-800-564-6253.

Yours truly,
