Forward-looking Statements and Information

This presentation contains forward-looking statements. When used in this presentation, the words "will", "intend", "plan", "potential", "generate", "priorities", "goals", "deliver", "can", "continue", "drive", "anticipate", "target", "come", "create", "position", "achieve", "seek", "propose", "forecast", "estimate", "expect", "solution" and similar expressions, as they relate to AltaGas or any affiliate of AltaGas, are intended to identify forward-looking statements. In particular, this presentation contains forward-looking statements with respect to, among other things, business objectives, vision, strategies, acquisitions, priorities, long-term commitments, expected returns, growth and deliverability of returns; expected maintenance of AltaGas' investment grade credit rating; expected normalized EBITDA and FFO growth in 2018; expected closing of the WGL acquisition; expected benefits of the WGL acquisition, including dividend growth, accretion, and secured and advanced growth opportunities; long-term value and returns at Gordondale deep-cut facility; opportunities for energy export; timing and opportunities regarding Ridley Island Propane Export Terminal; potential opportunities in the California power markets, including without limitation, brownfield opportunities in energy storage markets and opportunities to develop solar generation projects; stability of long-term financial returns at Northeast B.C. Hydro; and expected rate base and customer base.

Information and statements contained in this presentation that are not historical facts may be forward-looking statements.

AltaGas' forward-looking statements are subject to certain risks and uncertainties which could cause results or events to differ from current expectations, including, without limitation; access to and use of capital markets; market value of AltaGas' securities; AltaGas' ability to pay dividends; AltaGas' ability to service or refinance its debt and manage its credit rating and risk; prevailing economic conditions; potential litigation; AltaGas' relationships with First Nations and external stakeholders; volume throughput and the impacts of commodity pricing, supply, composition and other market risks; available electricity prices; interest rate, exchange rate and counterparty risks; the Harmattan Rep agreements; legislative and regulatory environment; underinsured losses; weather, hydrology and climate changes; the potential for service interruptions; availability of supply from Cook Inlet; availability of biomass fuel; AltaGas' ability to economically and safely develop, contract and operate assets; AltaGas' ability to update infrastructure on a timely basis; AltaGas' dependence on certain partners; impacts of climate change and carbon taxing; effects of decommissioning, abandonment and reclamation costs; impact of labour relations and reliance on key personnel; cybersecurity risks; risks associated with the acquisition of WGL, the financing of the WGL Acquisition and the underlying business of WGL; and the other factors discussed under the heading "Risk Factors" in the Corporation's Annual Information Form ("AIF") for the year ended December 31, 2017.

Many factors could cause AltaGas' or any particular business segment's actual results, performance or achievements to vary from those described in this presentation, including, without limitation, those listed above and the assumptions upon which they are based proved incorrect. These factors should not be construed as exhaustive. Should one or more of these risks or uncertainties materialize, or should assumptions underlying forward-looking statements prove incorrect, actual results may vary materially from those described in this presentation as intended, planned, anticipated, believed, sought, proposed, estimated, forecasted, expected, projected or targeted and such forward-looking statements included in this presentation should not be unduly relied upon. The impact of any one assumption, risk, uncertainty or other factor on a particular forward-looking statement cannot be determined with certainty because they are interdependent and AltaGas' future decisions and actions will depend on management's assessment of all information at the relevant time. Such statements speak only as of the date of this presentation. AltaGas does not intend, and does not assume any obligation, to update these forward-looking statements except as required by law. The forward-looking statements contained in this presentation are expressed qualifiy by these cautionary statements.

Financial outlook information contained in this presentation about prospective financial performance, financial position or cash flows is based on assumptions about future events, including, without limitation, economic conditions and proposed courses of action, based on management's assessment of the relevant information currently available. Readers are cautioned that such forward-looking financial outlook information contained in this presentation should not be used for purposes other than for which it is disclosed herein.

In this presentation AltaGas uses certain supplementary measures, including, without limitation, Normalized EBITDA and Normalized Funds from Operations that do not have any standardized meaning as prescribed under U.S. generally accepted accounting principles ("GAAP") and, therefore, are considered non-GAAP measures. These non-GAAP measures provide additional information that management believes is meaningful regarding AltaGas' operational performance, liquidity and capacity to fund dividends, capital expenditures, and other investing activities. AltaGas' method of calculating these non-GAAP measures may differ from the methods used by other issuers. Readers are advised to refer to AltaGas' Management's Discussion and Analysis ("MD&A") as at and for the three months ended March 31, 2018 for further details on these non-GAAP measures including, without limitation, a description of the manner in which AltaGas calculates such non-GAAP measures, and for a reconciliation to the nearest GAAP financial measure. Readers are also cautioned that these non-GAAP measures should not be considered as alternatives to other measures of financial performance calculated in accordance with GAAP.

Additional information relating to AltaGas can be found on its website at www.altagas.ca. The continuous disclosure materials of AltaGas, including, without limitation, its annual and interim MD&A and Consolidated Financial Statements, AIF, Information Circular, material change reports and press releases, are also available through AltaGas website or directly through the SEDAR system at www.sedar.com and provide more information on risks and uncertainties associated with forward-looking statements.

This presentation does not constitute an offer or solicitation in any jurisdiction or to any person or entity. No representations or warranties, express or implied, have been made as to the accuracy or completeness of the information in this presentation and this presentation should not be relied on in connection with, or act as any inducement in relation to, an investment decision.
