

COMMUNITY GRANT/SPONSORSHIP APPLICATION FORM

AltaGas supports local community organizations across our operating regions with a focus on three core areas:

1 HEALTHY AND SAFE COMMUNITIES:

We support organizations on a mission to improve the health and well-being of individuals within the community, such as emergency services, food banks, and events that bring people together.

2 BRIGHT FUTURES:

We believe in the importance of education and skills development for youth. We support initiatives that help prepare youth for bright futures through curriculum-enriching programs and community-based learning initiatives.

3 ENVIRONMENTAL CHAMPIONS:

We care about the health of our environment and support community-based organizations that focus on environmental protection, conservation and education.

Thank you for thinking of AltaGas to support your community initiative. Unfortunately, AltaGas receives more requests for funding than we can approve. We commit to reviewing all applications but not all will be approved. Please also note that funding decisions will take approximately 8 – 12 weeks.

Organizations receiving funding may be asked to provide a final report detailing the results and benefits achieved through the funded project.

Please complete the following questions and submit the PDF in an email to community.investment@altagas.ca
